

Non-Matriculated enrollment is open to individuals wishing to enroll in a course (or courses) without being accepted into a degree program. This application is required of individuals interested in enrollment for the purpose of (1) meeting credentialing requirements of a state licensing agency, (2) meeting graduation requirements for another university or for continuing education, (3) to take courses for general interest, or (4) to meet prerequisite courses for a degree program at CDU or at another institution.

Enrollment as a non-matriculated student is contingent upon space availability and scheduling, and is limited. To enroll as a non-matriculated student, prospective students must complete the Application for Non-Matriculated Enrollment and pay the appropriate application and student activities fee. Specific course approval must take place prior to the beginning of each semester. A maximum of 12 semester units of undergraduate coursework may be earned as a non-matriculated student. A maximum of 9 semester units of graduate coursework may be earned as a non-matriculated student.

Non-Matriculated students enrolled in CDU programs are not eligible for federal financial aid.
